EXPERIENCE

FRONTEND DEVELOPER

Move Digital AG

Nov 2021 - Nov 2022

- Worked on continuously improving a financial news app that provides users with access to latest financial news, market data, stock analysis and insights.
- Significantly improved mobile responsiveness and experience.
- Contributed to an internal UI component library.
- Persistently monitored for bugs and provided fixes.
- Pair programmed, in addition to reviewing other team members' code in order to provide additional perspective and catch errors.
- Kept track of assigned user stories/tickets in projects.

JUNIOR FRONTEND DEVELOPER

AltScale Cloud Services Inc.

Nov 2019 - July 2021

- Designed UI layouts and delivered programming implementation for a bunch of web applications.
- Wrote tests for new functionality and rewrote all old Selenium e2e tests using Cypress.
- Collaborated to maintain as well as improve code standards and tooling.
- Worked in a Scrum development environment and actively participated in all Scrum events.
